# QURBANI IMPACT REPORT 2025

# QURBANI

## INTRODUCTION

Qurbani, observed during Eid al-Adha, honours Prophet Ibrahim's devotion and symbolises faith, obedience, and compassion. Sharing Qurbani meat supports those in need and strengthens community bonds. The 2025 campaign upheld this spirit by assisting vulnerable families with kindness and generosity.

## OUR MISSION

The 2025 Qurbani campaign prioritised underserved households—those headed by women or children, with disabled members, or experiencing food insecurity. By distributing meat and Eid gifts, we addressed urgent needs, promoted equality, and fostered community inclusion.

## WHERE WE DELIVERED

Qurbani distributions took place in 23 countries across Asia, Africa, and the Middle East. For many, this was their only meat-based meal of the year.

## **BENEFICIARY STORIES (HUMAN IMPACT)**

“My name is Mahasen Abdalsalam. I have six children. We were displaced and lived in a camp in Ma’arrat Misrin, Syria. After our land was liberated, we returned to our village, Kfar Dael. However, our house is damaged and in need of repairs, and I don’t have the funds to fix it. Life is very difficult for us. We can’t afford to buy meat or chicken — and with a large family, it’s even more challenging. My husband is unwell and unable to work, so all the responsibility falls on me. Every year during Eid al-Adha, we eagerly wait for the Qurbani meat distribution. It is the only time we are able to eat meat. Without it, we simply couldn’t afford it.”

— *Mahasen Abdalsalam, Syria*
